

# **WATERPROOFING Training Night**

**Tuesday 25<sup>th</sup> June 2019  
4 to 6.00pm @ 155 Barkly Ave, Burnley**

## **“NCC 2019 – discussion on new and repair works”**

**Join us for an important discussion !**

Changes relating to NCC interpretation and Victorian law are likely to have an impact for new construction and repair works. Our team from manufacturing/ supply, plus Consultant will supply some background information to open discussion. The current system already has many anomalies, what is changing, and who will it impact? The team is capable of providing some theoretical and practical solutions. As a separate agenda, we (AIW) want your feedback in order to make representation to government and industry bodies.

Please join us for an informal meeting, a chance to share, learn and laugh.

**DRINKS AND NIBBLES PROVIDED**

**WE CAN ONLY CATER UP TO 15 PEOPLE SO BOOKING IS
