

WATERPROOFING Training Night

Tuesday 24th September 2019
4 to 6.00pm @ 155 Barkly Ave, Burnley

“Internal Wet Area Waterproofing AS3740 Supervision”

Join us for a discussion and demo!

What to look for and who is responsible

Short Presentation:

Most Builders don't have an intimate knowledge of AS3740 and rely on trades for a compliance standard. However, as the final responsibility lies with the Builder, we will cover what to check for on the job, plus what documentation should be covered for the building inspector.

Practical Product Demonstrations downstairs:

Securing penetrations and installing waterstops

Please join us for an informal meeting, a chance to share, learn and laugh.
